Transgender Victoria Workshop

Wednesday 14th November, 11:30am - 1:30pm

The workshop aims to increase understanding of trans and gender diverse people, families and their experiences both generally and specifically in relation to medical and nursing staff and students.

There will be a powerpoint presentation along with questions and discussions in a safe space.

This session will cover:

- Ensuring we're all starting from the same foundation: some definitions in the area of LGBTIQ.

- Current issues: legal, research, social, medical etc.

- Specific issues for staff and students.

Speaker: Sally Goldner

Sally is an educator, speaker, author and performer. Sally co-founded Transgender Victoria and remains TGVs treasurer and media representative. She presents 3CR's queer program 'Out of the Pan' (Sundays at midday), which discusses pansexuality, explains transgender issues and aims to broaden views and encourage acceptance. Sally co-facilitates Transfamily, a peer support group for family and friends of transgender people. She is also the treasurer of Bisexual Alliance Victoria, a not-for-profit promoting acceptance of people who experience attraction- be it sexual, romantic, emotional, or affection, to more than one gender.

It's no wonder why Sally wins awards like GLOBE's 2015 LGBTIQ+ 'Person of the Year'! In 2016 she was inducted into the Victorian Honour Roll of women who made extensive and lasting contributions at a local, national and international level'.
